TIN WORK,

Heating and Plumbing.

CONN BROTHERS

Mr. Dave Thompson has been on the sick list but is well enough to be out again.

If you need glasses see Dr. Craig at the Kengarian Hotel Tuesday September 28th.

The many friends of Sam Johnson Jr. regret to learn of his illness, and hope for his speedy recovery.

Dr. Burnett has been appointed as a delegate to meet with the Anti-Tuberculosis Society in Lexington, September 29th.

The W. C. T. U. Convention meets in Lexington October 1 and Mesdames S. D. Cochran and Fannie Farra will be the delegates from here.

Mr. J. I. Hamilton has furnished of fies, in the Blue Front, West side of Public Square, in the latest and most improved style, where he will solicit Life, Fire and Accident Insurance. Mrs. Hamilton will have charge of the office, acting as book-keeper.

Thanks to the Ladies.

The ladies of the Woman's Club have taken it upon themselves to assist in the good work of cleaning up the town, by hiring hands and putting them to work on the public square. When they have taken this most interesting in the looks as well as the sanitary condition of our city, surely the property owners should appreciate their effort by doubling the force now at work.

Leak.

On Thursday night September 16, Mrs. Martha S. Leak died at her home near Lancaster of a complication of diseases. Though she had to endure great suffering she did so with patience, and won victory over pain and died in peace without a struggle.

Mrs. Leak was a resident of Virginia having moved to Kentucky in 1861. She united with the Missionary Baptist church at the age of fifteen years and lived a consistent Christian until death ended her noble life.

Mrs. Leak's service was often required by her neighbors, in helping the sick, and attending at the death bed of her departed friends. Such obligations as these she was ever ready to fulfill, and no duty was too hard to perform where the result was beneficial to her relatives and friends. She was a good woman and will be greatly missed by her sorrow stricken friends. May her example be a guide to the living.

Funeral services were conducted at the grave Friday afternoon by Rev. O. P. Bush and the remains were laid to rest in the Lancaster cemetery.

A Friend.

Those who prefer having their eyes tested at their homes can do so by notifying the Clerk of the Kengarian Hotel. Dr. Craig Oculist and Optician will call at the Kengarian Hotel Tuesday September 28th.

Good Judge.

When a bargain comes up before Capt. Am Bourne he never fails to take it in. He purchased a house and four acres of land on Danville pike near his home, from W. T. Sutton for \$1,400.

Embroidery Club.

On Tuesday afternoon the Embroidery Club was entertained by Mrs. Ed. M. Walker at her beautiful country home. Nearly all of the members were present and a most enjoyable afternoon was spent by all.

Raised His Hat.

J. Hogan Ballard, of Bryantsville, is one of the most conscientious automobilists in this section of the country. On his way from Lexington last week he ran down and killed a hen, and instead of going on, unmindful of the grief of the owners of that hen, he immediately stopped, got out, tenderly picked up the unfortunate fowl and rang the door bell of the house nearby. A woman opened the door and he began to talk, saying, "I am very sorry to inform you that I have unintentionally killed this hen of yours," and stated that he was willing to pay all damage, but the good lady says "I am so much obliged to you. I have been trying to catch that hen for three days, to cook for dinner, and I never could lay a hand on the pesky thing. Thank you, sir; thank you." So he raised his hat and said, "you are entirely welcome."—Nicholasville Tribune.

A Good Advance.

Ninety five per cent of its church families and membership contributive to the cause of annual benevolences with over forty per cent advance over the preceding year; Ninety per cent increase in Sunday School enrollment of pastorate; three hundred per cent advance in circulation of religious literature in homes, with valuable additions to membership, is of the report of the Lancaster-McKendree pastorate of the M. E. Church South, to the annual conference of that body meeting at Paris, Ky., Sept. 22, and representing one hundred pastorates and thirty thousand membership. A complete directory of membership—with full fiscal exhibit of church administration, for the past year, prepared by the pastor, and to be placed in each church family, has just been completed in the Record office,—has received special commend from our bankers and business men; something all churches should serve for membership. Dr. Pearce has been cordially called to the pastorate for the coming church year.

A True Democrat.

Mr. Millard F. Rout, who recently bought the J. M. Martin place on the Nicholasville pike, and moved to it from Garrard county, tells the Gazette that two young men called at his home Thursday and told him they were taking a poll of the county.

"What for?" he asked.
"To see how many are going to vote the fusion ticket," was the response.
"Well, you are after the wrong man," said Mr. Rout. "I will not have a vote here, as I will not have been here long enough, but if I had been here 600 years I would not vote for such a lay out as that. I am a Democrat." The young men went away sorrowful, for their hopes were high.

Those who know Mr. Rout say that a better Democrat never lived in Garrard or any other county than he. He was a wheel horse for the party there and will be here. He is the kind of a citizen who helps any community by his presence.—Kentucky Evening Gazette.

This is true to the letter, as no better Democrat ever lived than Millard.

Resolutions.

Whereas God in his holy and all-wise providence has called from our midst our beloved daughter, Mrs. Elizabeth Leavell Doty, who has been an officer of the Mary Walker Price chapter of the United Daughters of Confederacy, since its organization, six years ago:

1st: Be it resolved and recorded that we submit to His will in this as in all things. While we shall surely miss her counsel and assistance and sorrow to think that we shall not see her face in the world again, we thank God for sparing her to us so long. We rejoice in her faithful Christian character, her peaceful end, and her abundant entrance into the life eternal.

2nd We bear testimony that as mother, wife and Christian, her battle of life was bravely fought; her relation in each was faithfully filled, her race was nobly won.

3rd In her death the Mary Walker Price Chapter U. D. C. has lost a faithful member, one who was ever willing and efficient in her service; and when called upon in a large way was found devoted and loyal to the cause of the South.

4th That we extend to the bereaved family our deepest sympathy and pray that God in his mercy shall bind up the broken hearts, and lead them to see light through the deep gloom.

5th That a copy be sent to the family, one to the CENTRAL RECORD, one to the Confederate Veteran, and recorded in the minutes of our chapter.

Committee:—Mrs. Fanny Farra, Mrs. Sam Cochran, Mrs. Ed. Price, Mrs. F. P. Frisbie, Mrs. E. C. Gaines.

Lennie Miller of the Record force is sick, we hope nothing more serious than "love".

Dr. W. N. Craig will be at the Kengarian Hotel Tuesday September 28th. Those who need glasses should not fail to have their eyes tested.

Much interest is being manifested in the revival services at the Baptist church, large crowds are attending and the sermons by Rev. C. W. Eisey are productive of much good.

Three hundred lives were lost and \$10,000,000 worth of property destroyed in a tidal wave following a terrific gulf storm along the southern coast of Louisiana, Tuesday.

Hog cholera costs farmers of the United States \$40,000,000 annually according to estimates presented at the closing session of the Interstate Association State Boards of Livestock Commissioner in Chicago.

Card of Thanks.

We desire to thank our friends and neighbors who were so kind as us during the illness and death of our blessed mother, Mrs. Leak.

The Children of the Family.

The Sick.

On last week R. M. West was stricken with paralysis. He has lingered to this time (Thursday) without any marked change and is still in a critical condition.

Miss Alma Lawson, who has had typhoid fever for some time, is not any better at press hour, pneumonia having developed.

Oratory.

Hon. Harve Heim delivered a speech at Danville, on Wednesday, on the occasion of laying the corner stone of the Government building, for which he worked so faithfully in Congress, which was replete with oratory and good thought. The fund, for the building, was properly appropriated as Danville is a thriving and prosperous city, full of business enterprises and blessed with famous institutions of learning.

School Notes.

Twenty new pupils were enrolled during the past week.

Mr. I. D. Austin, of Paint Lick, has recently moved to Lancaster to educate his children. Mrs. Austin tells us that six other families from her home will soon move to some town where they can have the advantage of a good school. Let it be positively known that we are going to erect a modern school building with first class equipments and we may have these six families and fifty others, perhaps, make their home in our town.

Mr. Elmore, Mr. Batson and Mr. Cochran of the School Board were with us Wednesday afternoon. They are determined to look after the health of the children, and accordingly have arranged to have the entire school building scrubbed every two weeks.

Four of our last year graduating classes are entering higher institutions of learning this fall. Floyd Swope has entered Transylvania University; Dan Elkin becomes a student in Phillips Academy of Andover Massachusetts; Sue Anna Lear is at Hamilton College; and Nancy Walker will be admitted as a student to Randolph Macon College for Women at Lynchburg, Va.

Miss Anderson took the second and third grade pupils for a visit to the shoe shop on Friday. There they observed the work, the materials and tools used, and gathered other facts upon which they will report in their language work this week.

Miss Sanford will take third and fourth grades for an excursion in Nature Study on Wednesday afternoon of this week.

The pupils of these grades organized a Blue Ribbon League with Alice Rigney for president, and Dalton Rich secretary and treasurer. On each alternate Friday afternoon they will spend an hour in giving readings and recitations. They expect, through their League to procure some books and pictures for their room.

A gold medal has been offered to the pupils of the High School in order to arouse a friendly competition and co-operation in this year's work. The plan is this: The students are divided into four groups, the average grades of these groups for last year being approximately the same. The medal will be given to the best student of which the average grade for the year shall be the highest. In this way, the individual pupil who hopes to win not only must strive to excel, but he must encourage all the members of his group to help make the group standing as high as possible. Usually, in a contest for a school prize the race narrows down to some four or five of the brightest pupils, but in a contest such as we have inaugurated we hope to enlist the interest of every student, and to arouse everyone to a pride in his own group and thus secure better work from every member of the High School.

Again we invite the patrons of the school to visit us, and see just what their own children are doing in school. Your coming will be an encouragement to both teachers and pupils.

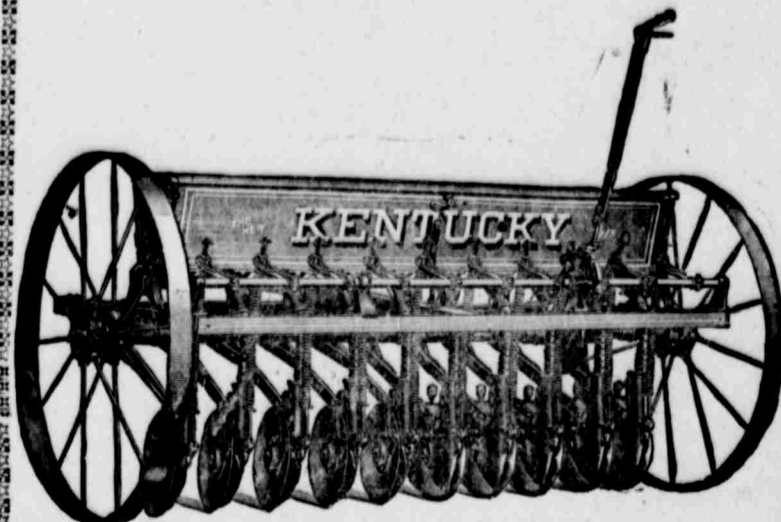

D. W. Bridges, Principal.

Ones Sick Chickens.

Mrs. John F. Wagers, Richmond, Ky. says: "About a month ago quite a number of my chickens were sick with distended craws and I thought sure they would all die. I gave them Bourne Poultry Cure and never lost a chicken." Sold by J. R. Mount & Co.

General News.

Commander Robert E. Perry landed at Sydney, N. S., Tuesday, and was tendered a public reception of some pretensions. He made a speech to the populace and was feted by the public officials of the little seacoast city.

The Winchester agreement made by the Burley tobacco-growers of the State was ratified by the officers of the American Equity and the Burley societies. The entire crop is to be pooled with the Burley Society under the agreement. The union of forces will save millions to the growers, it is said.

The ovation tendered Dr. Cook by the citizens of his home city at his arrival there was wild, happy and joyous. When he landed in Brooklyn crowds were so large that the militia and police were barely able to keep down a riot, so eager were they to embrace the explorer.

The will of Edward H. Harriman was filed at Goshen, N. Y. The estate is bequeathed to his widow, Mary W. Harriman. It is understood that Mr. Harriman provided for his children before death. The estate is estimated to be worth from \$75,000,000 to \$100,000,000.

Rival propositions to carry the mails from Chicago to Seattle in fifty-six hours have been submitted to the Post-office Department by the Great Northern Railway Company and by the Chicago, Milwaukee and St. Paul railroad. Such an accomplishment as is proposed would clip sixteen hours

off the present schedule for the 2,200 miles. The contract is worth \$7,000,000.

Clarence LeBus, president of the Burley Tobacco Society, issued a card from Lexington in which he relinquished all claims to the bonus of \$10,000 which was voted him by the district board of the Society at the outset of the attempt to pool the 1909 crop of Burley tobacco. President LeBus said he turned back the bonus in order to remove all obstacles in the way of making this year's pool a success.

Bishop William George McCleskey for forty-one years head of the diocese of Louisville, and the oldest bishop in the hierarchy of the Catholic Church in America, died at the Preston Park Seminary September 17th. Dr. W. O. Roberts, the attending physician, could not assign any definite malady as the cause of the prelate's death, but said that it was just a weakening of vital forces. The entire Catholic world is mourning the death of the grand old man.

All previous records were surpassed Thursday 16th in attendance at the State Fair. The official figures for the number of people who passed through the gates were 35,000. It was Kentucky day and Press day. An address was made by Gov. Augustus E. Wilson at the annual convention of the Kentucky Good Roads Association. One hundred soldiers, who were making preparations for a sham battle, narrowly escaped death by marching into a string of dynamite 100 feet long
